

## **BREAN SANDS CHALLENGE SQUAD 2007**

On paper our teams looked strong enough to at least emulate last year's second place in this competition, or yet to win it, and we began strongly enough winning the first round 3-1. We followed this with a 2 all draw, but unfortunately lost the next two 1-3; sustenance in the form of lunch bucked us up a bit, and we drew all three matches in the afternoon.

On Sunday we had only 4 matches to play and we acquitted ourselves well with one draw and three 3-1 wins; our sit-out round was the last round of the day, which enabled our players to support the main squad in their final push to the championship.

Our final position was 5<sup>th</sup>, with KDM, Retros and Limes all securing seven wins out of 11 and the Hybrids from Oxshott having a bit of a nightmare over the weekend, ending with 3 wins.

KDM	7 wins plus 35
Retros	7 wins plus 14
Limes	7 wins plus 9 ( very commendable, given their experience at this level)
Hybrids	3 wins minus 31.

But well done to all four teams, they did not let themselves or the region down.
